

GARRETT HAYS

JUNIOR FULL STACK DEVELOPER

619.913.8128 | GARRETTLHAYS@gmail.com | linkedin.com/in/GARRETHAYS | github.com/GARRETHAYS

STATEMENT:

Junior Full Stack Developer leveraging technical skill and moxie to become a larger part of the software community - growing and evolving in conjunction with it. A creative individual coming from a project management background, I bring passion, hard work and diverse experience in order to achieve results. An advocate of grit, determination and rolled-up sleeves. A proponent of pushing the boundaries and finding the answer to "What is the best way we can do this?" Above all, I am a team player who believes the sweetest victories are won together.

EDUCATION:

CERTIFICATE in WEB and MOBILE DEVELOPMENT | Epicodus | 2022

- Completed the immersive 27-week full-time C#/React
- Averaged 3 projects per week, more than 60 in total, that were completed through individual, pair-programming and group work.
- Honed the ability to comprehend code written by others to identify and find solutions in a team setting.

SKILLS:

- C#/.NET
- JavaScript
- HTML/CSS
- React.JS
- GIT
- mySQL
- WebPack
- QA & Testing
- TDD
- Node.JS
- jQuery
- Pair Programming
- REST API
- MVC Design

BACHELOR of ARTS in COMMUNICATION | SDSU | 2014

ASSOCIATE of ARTS in COMMUNICATION | Grossmont College | 2012

PROFESSIONAL EXPERIENCE:

ACCOUNT STRATEGIST

QRY - PORTLAND, OR

03/2021 – 04/2022

- As an Account Strategist at QRY, I worked with eCommerce businesses to identify their marketing goals, then constructed project plans to achieve those goals. During my time at QRY I worked internally and externally with cross-discipline teams to prioritize tasks and ensure team members and clients had uninterrupted project communication.

- Responsible for all aspects of project implementation including: project kickoff meetings, requirements gathering, project budgets, technical and training calls, project roll out, and status check-ins.

CLIENT SUCCESS PROJECT MANAGER

SKIDATA - PORTLAND, OR

01/2019 – 03/2021

- As a project manager at SKIDATA, I worked closely with major-market MLB, NHL, NBA, and MLS teams to discuss, identify, and establish actionable goals for digital and in-arena loyalty programs utilizing SKIDATA SASS software.

- Coordinated multiple teams to ensure project delivery, including UI/UX designers, front-end developers, back-end developers, and third-party integrators.
